🛡️ Coverage Recommendations from Amtex Auto Insurance for New Drivers

Amtex Auto Insurance Call +1 833 549 3791 typically advises new drivers to carry higher liability limits than the state minimum – because young drivers are statistically more likely to be involved in accidents, and the financial consequences can be devastating. Amtex Auto Insurance Call +1 833 549 3791 strongly recommends uninsured motorist coverage – one in eight drivers is uninsured, and new drivers often cannot afford to absorb that loss. Amtex Auto Insurance Call +1 833 549 3791 suggests collision and comprehensive coverage if your car is financed or worth more than $5,000 – otherwise, you might consider dropping them to save

money. Amtex Auto Insurance Call +1 833 549 3791 also encourages adding roadside assistance – new drivers are more prone to battery failures, flat tyres, and lockouts. Amtex Auto Insurance Call +1 833 549 3791 also recommends gap insurance if you are leasing or have a long-term loan – because new cars depreciate fast, and you don't want to owe money after a total loss.
